Petition of Roelof Vandecar.

Montreal, 2 Jan., 1782.

Through the interest of Sir John Johnson got pension of £ 7 per muster. This he received on 24 Dec., 1781, which was held up.

Petitioner has since been employed on Secret Service by Dr. Smith, for which he furnishes expense account and prays that this be presented along with petition for payment of pension.

Was an Inhabitant of County Albany in 1777 and in conjunction with Mr. James Huston did raise and engage for His Majesty's service 64 men. But being discovered by the Rebels, were obliged to retire to the woods, and sent a man at the same time to Gen. Burgoyne's Camp at Saratoga to know his mind relative to our joining his Army. He sent us a Pilot with Directions to join him. But before we could join his Camp he with his Army was so surrounded that it was impossible for us to join him. So we remained in the woods until his surrender. Then, being obliged to disperse, Your Memorialist, with a small party, attempted to join the King's troops then lying near Oesppus, but was defeated, wounded and made prisoner by the Rebels. He afterwards made his escape and remained in secret places till the year 1778, when he and Mr. Thomas Garnet with 39 men joined Capt. Tice's party at the Unadilla on the Susquehanna River. After a tedious march Your Memorialist arrived in this province in Nov., 1778.

That on the recommendation of Sir John Johnson Your Excellency was pleased to grant your Memorialist a pension of £ 7 per muster, which he received until 24 Dec., 1781, at which period the said Pension was withheld for reasons then and yet unknown to your Memorialist. He has made two requests to Major Matthews.

Petition of Ralph Van De Car.

States that he had to quit County of Albany and take refuge in this province in 1778. Has frequently been on secret service since then.

Sacrificed property. Now his services are no longer required. He is determined to settle on Lake Champlain, and had actually applied to Col. Caldwell's agent, a Mr. McCarthy, for some land there, who promised the same to your petitioner. But that from a false and infamous report spread to injure your Petitioner's unblemished character by some ill disposed persons and particularly by a Capt. William Fraser of Col. Jessup's Corps, your petitioner's life was threatened to be taken, and was likewise refused the lands before promised to him, and ordered off the ground by a Capt. McFall, so that he is now deprived of all means of support and is in continual fear of his life, as he is charged with having been the means of getting a Col. Houston executed at Albany--a falsehood of the most enormous kind, as your Petitioner can prove to the satisfaction of all the world, for at the very time of that execution your petitioner was obliged to quit his home and secrete himself in the woods until he could get off to this country.

Requests an enquiry into this affair.

States that George Wherman, Capt. McFall's servant, a few days ago made an attempt to stab him, but was prevented by a soldier, Patrick Reardon, of the 53rd Regt. Light Infantry.

It would seem that our members have been impressed by a misinterpretation of the Society's desires in relation to the listing of early paintings of local interest. In other words, we have no yearning to know who owns the paintings. All we desire is the name of the painting and of the artist's <sup>name or</sup> ~~also~~ initials.

A list of the early, and oft forgotten <sup>and also</sup> features of our city is most desirable, as well as essential in the preservation of our early history. Who the artist was is also worth recording, as well as the names of the several teachers who <sup>were</sup> responsible for the immortal paintings.

So, please list your paintings, and pass the information on to our secretary so that we have a better idea of our cities <sup>admirable</sup> memorials.
